

# **AIA Rhode Island Bylaws Appendix D Directory of AIA Rhode Island Public Policies and Position Statements**

Document Maintained by the AIA Rhode Island Board of Directors

Last Updated: Friday, December 7, 2018

## **Contents**

Introduction	2
National Policies	2
Chapter Policies	2

### **Introduction**

Public policies are AIA statements of belief to policymakers, the public, and the construction industry on public-policy issues affecting the membership, the profession of architecture, or the AIA.

Position statements elaborate on public policies or apply them to specific conditions or events.

### **National Public Policies and Position Statements:**

As a condition of accreditation, AIA Rhode Island complies with public policies and position statements of the American Institute of Architects; they are binding on all AIA components.

They are available online at the following link:
